BENSON, Clara Cynthia =Professor, Dept of Biochemistry= July 1918 (043)

July 18th, 1918

Professor Clara C. Benson,

Port Hope, Ont.

Dear Miss Benson:

At a meeting of the Board of Governors held July 11th I reported that you had laid the University under great obligation last winter by the extra amount of work that you undertook in connection with the Department of Biochemistry. I told the Governors that you had done this on your own initiative and that personally I appreciated very highly your kindness in this matter.

I have been instructed to inform you that the Board of Governors also appreciate very highly this service. At this difficult situation it is a great satisfaction that you as a member of the staff have been so willing to undertake an extra burden.

With kind regards, I am,

Yours sincerely,

President.
